Water Based Coatings

When asked to consider Water Based coatings many people have a similar response. They tried them once and they were too hard to use, slow to dry or gave a milky appearance. Over the years, Milesi has developed Water Base coatings that have matched the performance of North American conversion varnishes. Water Based coatings are available as a 1 or 2 component product which are:

- **Non-yellowing**
- **Dry crystal clear**
- **Easy clean up with water**
- **Very low in VOC's**
- **Water, abrasion and chemical resistant**
- **Suitable for onsite finishing**
- **Greenguard Certified**

In addition to these features, Water Based coatings are also Non-Flammable which simplifies storage and decreases a potential fire hazard. Once dry, these coatings are odorless and that can eliminate the solvent smell in your shop and your customers home or office. Cleanup is simplified by using either warm water or a 50/50 mix of water and isopropyl alcohol.

Columbia Industrial Supplies is here to supply you with all your Water Based finishing requirements Including:

- **Clear top coat in a variety of sheens**
- **Pigmented primer and top coat tintable to almost any colour**
- **Water based stain in either wipe on or spray-and-wipe application**

Milesi's clear and pigmented 2K Water based topcoats fall within all AWI system standards and meet all KCMA cabinet finish requirements. More and more homeowners, builders and architects are calling for low VOC, environmentally conscious products. If you would like to know more about water based products, or would like samples please give us a call

Single Component Products

Interior:

HSC6036 - Clear Self Sealing Top Coat 10°
HSC6034 - Clear Self Sealing Top Coat 20°
HSC6033 - Clear Self Sealing Top Coat 30°
HBT603 - Water Based White Primer
HGT6073 - Water Based White Top Coat 30°

Exterior:

XGCF066 - Water Based 3 in 1 Clear 10°
XGCF06H - Water Based 3 in 1 Clear 25°
XBC2 - Clear Water Based Sealer
JJC6933 - Clear Water Based Topcoat 30°
XBT603 - Water Based White Primer
JJT6883 - Water Based White Top Coat

Two Component Products

HAC6 - Clear Sealer
HGA14 - Clear Top Coat 20°
HGA19 - Clear Top Coat Natural Effect
HBR1 - White Primer
HKR114 - White Top Coat 20°
HKA114 - Clear Tint Base 20°
