

COLUMBIA

Industrial Supplies

07/12/21

2 ¾" x 25 Yard PSA Roll

- High performance sanding mineral ensures high stock removal and long life
- New stearate concept reduces clogging
- Can be cut to custom lengths
- 120 – 400 Grit available

\$41.10 / Ea

2 ¾" x 5" Cork Sanding Block

- Comfortable cork block with hand grooves
- Velcro pad for quick abrasive changes
- Lightweight and ergonomic for long use

\$13.50 / Ea

2 ¾" x 5" Velcro Sheets

- Very high stock removal rate
- Long lasting abrasive material
- Open scatter grain pattern to prevent clogging
- 60 - 320 grit available

\$47 / Box of 100

9" x 11" Sheets

- High stock removal with good finish
- Long lasting abrasives grits
- Highly flexible and adaptable to contours
- 80 - 600 grit available

\$34 / Sleeve of 50

6" Sianet Mesh Disc

- Made from strong, flexible, woven polyester fibre
- Open net structure reduces clogging
- Long lasting abrasive life
- 80 – 400 grit available

\$61.50 / Box of 50

Columbia Tech Tip # 113

Sanding wood can be tedious and boring but you can help the process go faster with this simple tip. Connecting your sander to dust extraction can drastically increase sanding speed. Without any dust collection, your sander rides on a thin cushion of dust which prevents full contact from the abrasive. The dust collector helps remove this cushion and increase sanding speed and efficiency.

Prices subject to change without notice. Prices do not include applicable taxes.
